

Every cloud...

Cost effective calling over the cloud
with Glamorgan Telecom Hosted Services

What you get with GT

- Full integration of business phones, mobile phones and fixed lines to ensure you never miss a call
- Managed via an external web portal, eliminating costly PBX maintenance charges
- Innovative call handling and management features that put an emphasis on control
- Free site-to-site calls and cheaper call bundles available to control your communication costs
- Monthly invoicing on a cost-per-seat basis with no hidden costs
- Keep your existing number or choose a new number to appear local or national, regardless of location
- Built in disaster recovery that reroutes your calls to a backup site, ensuring no disruption

Future proof your business communications with Glamorgan Telecom Hosted Services
