

Anytime, anywhere

Flexibility & freedom with
Glamorgan Telecom Mobility Solutions

What you get with GT

- Smart technology and applications, giving your employees the freedom to work away from their desks yet remain connected to emails, calls and business processes
- VoIP* and cloud-based options to streamline your communications
- Users can link an external number, usually their mobile phone, with an internal office extension to ensure they never miss a call
- Guaranteed costs savings
- Ability for hot desking, home workers and people on the move to access and use the same features as their office-based teams

Flexibility and freedom with anytime, anywhere calling from GT Mobility

*VoIP – AKA Voice over Internet Protocol, or calling over the internet
